

## **TONY WERNER, EXECUTIVE VICE PRESIDENT & CHIEF TECHNOLOGY OFFICER, COMCAST CABLE**

Tony Werner is responsible for developing and guiding Comcast Cable's technology strategy and evolving network architecture, including supporting next-generation consumer systems and technologies, infrastructure and engineering, network integration and management tools and technical standards.

Prior to joining Comcast, Mr. Werner served as Senior Vice President and Chief Technology Officer for Liberty Global, Inc., in Englewood, CO, leading the company's global strategy for video, voice and data services. Mr. Werner has more than 25 years of engineering and technical management experience, having held senior management positions with Qwest Communications, Aurora Networks, TeleCommunications, Inc. (TCI)/AT&T Broadband, Rogers Communications, Inc., and RCA Cablevision Systems.
